Chris Moise  
Councillor, Toronto Centre  
Toronto City Hall  
100 Queen St. W., Suite A5  
Toronto, ON M5H 2N2

Dear Councillor Moise:

**Re: Sponsored attendance provided by the Canadian Institutes of Health Research for your attendance at the Healthy Urban Policy Implementation Workshop, September 29 – October 4, 2024, Copenhagen, Denmark**

Thank you for providing me with a Travel Declaration Form for the above-noted trip. I confirm that the information submitted is in compliance with section 4.2(6) of Article 4 (Gifts and Benefits) of the Code of Conduct for Members of Council, as travel was sponsored by the Canadian Institutes of Health Research and you attended in your official capacity as a member of City Council.

I form this view based on my review of:

1. the Travel Declaration Form dated November 7, 2024;
2. Receipts from Corporate Traveller for airfare totalling \$1609.56;
3. a conference agenda and,
4. a letter dated November 6, 2024 from the conference organizer confirming they paid a total of \$4750.00 (including \$1609.56 noted above) for your airfare, hotel accommodation, meals and ground travel.

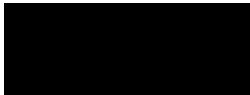

This letter, the Travel Declaration Form, and attached supporting material will be posted on the Integrity Commissioner's website, [toronto.ca/integrity](https://toronto.ca/integrity), in accordance with the *Code of Conduct for Members of Council*.

Please note, the line entries where you have filled out “Not applicable, Councillor paid using own funds” are inaccurate as the information you have submitted shows that the conference organizer paid for accommodation, ground travel, and perdiem/sundry expenses (i.e. meals).

For that reason, we have crossed out what you entered rather than requesting you to submit a new form. We have done so as your declaration is publicly posted.

If you have any questions about the disclosure of gifts and benefits, please do not hesitate to contact this Office.

Yours truly,

Jonathan Batty  
Integrity Commissioner

**ATTESTATION: Healthy Urban Policy Implementation Workshop – Copenhagen**

To whom it may concern;

This letter is to confirm that Councillor Chris Moise participated in the Healthy Urban Policy Implementation Workshop, in Copenhagen, Denmark from September 29<sup>th</sup> – October 4<sup>th</sup> 2024.

The trip was funded by the Canadian Institutes of Health Research and hosted by 8 80 Cities, a Toronto based non-profit. In the Fall of 2023, the Canadian Institutes for Health Research (CIHR) launched a national grant competition to fund participation by four Canadian city teams comprised of health researchers and city leaders to attend a five-day immersive workshop hosted by 8 80 Cities in the City of Copenhagen.

The goal of the funding initiative is to bring together researchers and city leaders to accelerate the implementation of healthy urban policy that supports a healthier population. The theme of the 2024 healthy cities workshop is on active transportation and public space, an area where Copenhagen has excelled and been a world leader.

This letter is to confirm that the value of the trip is \$4,750 CAD per participant, which includes:

- International economy airfare
- 5 nights hotel stay
- 5 breakfasts, 5 lunches
- 2 group dinners
- Ground travel in Copenhagen
- Bicycle rental
- Venue fees

If you have any further questions please don't hesitate to contact me;

## Healthy Urban Policy Implementation Workshop – Background Information

### About 8 80 Cities:

8 80 Cities is a non-profit organization dedicated to improving streets, parks, and public spaces for all. We are led by a simple but powerful philosophy: we believe that if everything we did in our cities – from transforming streets, revitalizing parks, or planning neighborhoods – was done to prioritize the safety and health of 8-year-olds and 80-year-olds, then we would create successful cities for all. 8 80 Cities has worked in 37 countries and over 300 cities across the world. We are international experts in creating safe, accessible, and engaged communities.

8 80 Cities has been hosting annual Copenhagen Study Tours for North American city leaders since 2014, including mayors, councilors, real estate developers, planning and transportation leaders, and non-profit CEOs.

### Why Copenhagen?

Year after year, Copenhagen and/or Denmark sits at the top of global happiness and livability indices. It boasts world-class infrastructure, an impressive network of public spaces, and is a leader in sustainable design. But Copenhagen is more than the sum of its parts. Rather, it has strategically invested in all these areas to create a city where people are happier, healthier, and more connected to one another. It is a place where public life thrives.

### Project Concept:

The 8 80 Cities' Copenhagen Study Tour brings diverse participants to Copenhagen to learn about the policies, processes, and projects that foster public life and exceptional design in one of the most people-friendly cities in the world. The purpose of the tour is to build leadership and capacity of participants to advance their public space investment and city building goals. Participants will leave with a shared understanding, experience, and language on a human centered design and city building approach that puts people, livability, and public life front and center in decision-making.

The tours will provide immersive and educational experience with an emphasis on developing ideas and practical approaches that can be implemented when delegates return home. Participants will visit Copenhagen's most dynamic parks, streets, and public spaces and meet with the local leaders who helped shape the city and make it the most liveable city in the world.

The tours will educate participants about the innovative policies and programs and strategic investments that make Copenhagen a world-leader in sustainable design, bicycle infrastructure, public space, and quality of life. Throughout the tours participants will exchange ideas with their peers, and learn new leadership skills and work approaches that address the challenges of 21<sup>st</sup> century city-building.

The tour will take place over 4 days, excluding travel time. We will visit areas that underwent radical transformation from car-oriented sites to walkable, lively, and welcoming places for people of all ages. At the end of the tour, we will challenge participants to work together with their city peers to re-examine their own ideas and apply new lessons to their own work. Participants will return home with an action plan outlining how they will adapt Copenhagen's good practices for public life and transformative public space policy.

**From:** Tennesha Joseph

Dear Chris Moise,

Congratulations on your successful application to the CIHR Planning and Dissemination Grant for Implementing Healthy Urban Policy. As part of this opportunity, you will attend an [Immersive Study Workshop in Copenhagen, Denmark](#), hosted by [8 80 Cities](#).

8 80 Cities is a non-profit organization based in Toronto, Canada, that works internationally. Our mission is to ignite action and challenge the status quo to create healthier, more equitable, and sustainable cities for all people. Over the last 17 years, we have been challenging cities on how they plan, design, and manage their public spaces by asking a simple but powerful question: what if everything we do in our public spaces is great for an 8-year-old and an 80-year-old?

We are specialists in supporting community-led investment in sustainable mobility and equitable multigenerational public spaces. We have extensive experience leading innovative city-building programs that bring together diverse partners from various sectors and across multiple levels of government. Our multidisciplinary team of urban and cultural planners, urban designers, community development specialists, and communication strategists have led transformative human-centered mobility and public space projects around the world.

On behalf of the entire 8 80 team, I'd like to extend a warm welcome and share how excited we are to be hosting you in Copenhagen in September 2024 for an immersive healthy urban policy workshop.

We've hosted over 20 intensive and immersive international workshops and exchanges. We recognize that the most transformative learning occurs when all the senses are engaged. This requires curating a balance of traditional educational sessions such as lectures and workshops with less familiar yet memorable experiences like bike rides across the city, playing in playgrounds that were built for all ages, and group meals in unconventional marketplaces.

At this point we know you must have lots of questions about the workshop and what to expect. Details for a virtual information session will be sent to you over the coming weeks, during which time you will receive a overview of the workshop and be able to ask any questions that are necessary. **As we prepare for the information session,**

**we ask that you contact our travel agent to book your travel to and from Copenhagen.**

As a reminder the dates of the **workshop are September 30<sup>th</sup> – October 4<sup>th</sup>**. Each participant is expected to arrive in Copenhagen, ready to participate, from 8am on September 30<sup>th</sup>. 8 80 Cities will provide accommodation for the nights of September 29<sup>th</sup> – October 3<sup>rd</sup> (hotel check-out will be on the morning of October 4<sup>th</sup>, and departure from Copenhagen will be on October 4<sup>th</sup>, unless you choose to stay longer at your own expense). If you wish to arrive earlier or stay later in Copenhagen, you will be responsible for your own accommodation. Once we have the hotel booking confirmed we will share that information with you, should you wish to extend your stay at that location.

The workshop includes:

- economy travel to and from Copenhagen from home Canadian city (not including excess baggage fees or flight change fees);
- single occupancy accommodations for five nights (September 29 - October 3, 2024) – hotel check-out is the 4<sup>th</sup> of October
- five (5) breakfasts
- five (5) lunches
- Two (2) group dinners;
- ground transportation during the workshop including bike rentals and public transit (transportation to and from the airport in home city or Copenhagen is **not** covered).

Each participant of the workshop is individually responsible to book their travel with our travel provider, *Corporate Traveler*, you will **not** be asked to make any payment for flights unless your requests fall outside our booking parameters, in which case you will be asked to pay the difference in price. Once you have made contact to begin booking your flights, *Corporate Traveler* can work on specific requests with you. 8 80 Cities will cover the cost of your flights to and from Copenhagen for the workshop dates, you will be responsible to cover the difference related to any costs that result from deviations outside those dates.

Please have your ticket booked by **May 31<sup>st</sup>, 2024**, any fare increases that result from booking after this date will be at the expense of the participant.

To book your ticket, please contact [travel@corporatetraveller.ca](mailto:travel@corporatetraveller.ca), with the following information to begin this process. Please **DO NOT** copy 8 80 Cities on this

# COPENHAGEN

STUDY TOUR

880 cities

**Hosted by 8 80 Cities**

Hello! Hej!

8 80 Cities and CIHR-IMHA are excited to host you for an action-packed five days of learning in Copenhagen. We hope that this trip will be transformational, for both you and the public life movement at home.

You may have wondered, why Copenhagen? There is nowhere better in the world to learn about how innovative approaches to city building can enrich public life. Copenhagen is a model city for walking, biking and transit. It has transformed its transportation system by focusing on the humble bicycle and has complemented that system with an integrated network of pedestrian-friendly streets and public spaces.

It is a place where public life thrives.

We will be learning first-hand from some of the world's most celebrated planners, architects, and civic innovators. We will be visiting areas that have gone through radical transformations, from car-oriented, industrial sites to walkable, welcoming places for people of all ages.

As majority of Canadians live in cities, understanding how to design and implement healthy urban policy related to active transportation and public spaces is crucial to promoting good health and health equity. Canada has an enormous opportunity to maximize the health promoting potential of its cities, the question will be how can researchers and city leaders work together to create a city that is built for people who live, work, play and learn in it? The basic playbook for livable cities is largely written. Put people first and give people choices. This trip provides a unique opportunity for researchers and city leaders to collaborate towards a common goal: making Canadian cities more vibrant places to live, work, learn and play.

On each day of the program, there will be designated time for you to work with your peers to plan your next steps for adapting promising practices from Copenhagen back home.

In the meantime, here's a preview of what to expect during the 2024 Healthy Urban Policy Workshop.

See you soon!  
The 8 80 Cities Team
