Purpose

This grant supports partnerships with public school boards, hospitals, colleges, universities, and other eligible institutions (including but not limited to non-profit housing providers) that will increase canopy cover in Toronto through tree planting and stewardship on private land.

Types of Projects Funded

All projects need to be focused on increasing canopy cover by:

- Planting non-invasive trees and shrubs on private land
- Maintaining and caring for existing trees on private land
- Educating and engaging the community in the planting, care and maintenance of trees on private land

Funding Amount

Eligible granting requests must range between \$5000 and \$100,000.

Urban Forestry must be contacted to discuss scope and eligibility before submitting funding requests of over \$50,000.

Grants must be matched 50-50 (\$1 for every \$1 received) in cash and/or in-kind contributions.

Duration

Grant funding is available for projects up to 12 months in duration (January 1, 2026 to December 31, 2026).

Certain projects may be allowed up to 18 months in duration (January 1, 2026 to June 30, 2027) to complete their requirements. Please contact Urban Forestry must prior to submitting an application.

Eligibility

Applicants must be a public-school board, hospital, college, university, or an eligible institution (including but not limited to non-profit housing provider) within the City of Toronto to be eligible to apply. Only direct costs to run or deliver a project that are reasonable and necessary are eligible for funding. The following applicants, costs and/or projects are not eligible for funding:

Applicant Ineligibility

- Previously funded groups who have failed to meet the terms and conditions of a past grant or who have any outstanding requirements may be ineligible
- Previously funded groups who have received over \$1 million in funding for related activities

Project Ineligibility

- **General**
 - Projects that are managed, delivered, or funded (fully or partially) by the City of Toronto
 - Projects by public school boards, hospitals, colleges, universities, or other eligible institutions that do not take place on publicly accessible spaces
 - Projects that duplicate, conflict with, or falls within the scope of another program or service being delivered or developed by the City of Toronto or another organization (e.g. Ravine Strategy)
 - Projects or activities that are contrary to the policies of the City of Toronto and/or applicable federal, provincial and municipal legislation, regulations and policies
 - Projects or activities that are not consistent with good arboricultural practice
 - Projects or activities that meet any tree planting requirement or obligation under the City of Toronto's tree by-laws, as a condition for planning and development approval, or any other laws or regulations
 - Research projects, summer camps, political or religious activities/services
 - Purchase, care or maintenance of invasive species
- **Location**
 - Projects taking place outside the City of Toronto
 - Projects taking place on lands controlled by the City of Toronto
 - Projects taking place on or adjacent to an Environmentally Significant Areas (ESA), Areas of Natural and Scientific Interest (ANSI), Provincially Significant Wetlands, protected areas under the Ravine and Natural Feature Protection By-law, or any other protected or sensitive natural area without the prior written approval of Urban Forestry

- **Financial**
 - Projects that do not meet the 50% matching funding requirement (cash and/or in-kind)

Ineligible Costs

- Requests for core operating funding
- Internal or external salaries or other people-costs where they make up more than 50% of the amount requested (including web design, graphics design, writers, translation, labour, etc.)
- Overhead and administrative costs where they make up more than 15% of the amount requested (does not include internal/external salaries or other people-costs)
- Fees and/or expenses for memberships, courses, conferences
- Fees and/or expenses for travel, personal vehicles, and parking that are excessive or unrelated to the project
- Taxes such as GST and HST for which the recipient is eligible for a tax rebate, and all other costs eligible for rebates
- Contingency costs
- Capital costs or infrastructure (building repairs or renovations, construction of sheds or garden beds, purchase of computers or audio/visual equipment etc.)
- Land purchase
- Advocacy expenses
- Fundraising activities
- Endowments or endowment building Scholarships, grants or bursaries
- Awards and prizes
- Alcohol purchase
- Purchase, care, or maintenance of herbaceous plant material
- Purchase of low growing shrub material (mature height under 3 feet) without prior written approval of urban forestry

Application Process

Applications must be submitted online through the [Toronto Grants, Rebate, and Incentives Portal \(TGRIP\)](#) by **4 pm on August 15, 2025**. Link to TGRIP portal can be found at www.toronto.ca/treegrants. Please allow time to create an account and organizational profile within TGRIP.

There are two evaluation stages for submitted applications:

Stage 1: Initial Review

- Applications are reviewed for completeness and for alignment with the grant guidelines and assessment criteria

- Urban Forestry will contact all applicants for submissions that will proceed to full review, are declined, or require additional information

Stage 2: Full Review

- Applications are assessed by a grant review panel of City staff and external members with relevant expertise and experience. The grant review panel will then make recommendations on which projects should be considered for funding and in what amounts.
- All applicants will be notified once the funding decisions have been finalized.

Assessment Criteria

Applications will be evaluated based on four areas: Concept, Feasibility, Budget, and Impact.

- The project must closely align with the stated purpose of the grant
- The application should clearly demonstrate the applicant's experience and capacity to successfully complete the project and to maintain the trees over the long term, and describe a feasible process to accomplish the project and has clearly defined project deliverables
- Project costs should be reasonable to achieve the proposed deliverables and the budget should clearly demonstrate how the 50% matching funding requirement (cash or in-kind) will be met or exceeded.
- The application should demonstrate the impact of the project as it relates to the purpose of the grant and in increasing tree canopy cover.

Additional assessment considerations include:

- Geographic representation across the City of Toronto
- Locations with low canopy cover or a high need for tree planting and/or stewardship
- Projects with clearly defined maintenance plans
- Environmental impact of proposed activities (i.e. biodiversity)
- Community impact, equity impacts, and benefit of proposed activities
 - Use of Toronto's [Tree Equity Score Analyzer \(TESA\)](#) is encouraged but not mandatory
- Projects that maximize increased canopy within available planting space

Funding Terms and Conditions

Applicants approved for funding will be required to sign a Letter of Understanding (LOU) with the City of Toronto in order to receive funding. The LOU will include the grant amount and the

terms and conditions of funding.

The following must be provided before applications can be considered:

- Declaration of Compliance with the City's Anti-Harassment/Discrimination Policy
- Conflict of Interest Declaration

The following must be provided before any funds are released:

- Certificate of Insurance (COI) – A valid COI with a limit of not less than two million dollars (\$2,000,000) per occurrence with Comprehensive General Liability (CGL) and non-owned automobile coverage for the funding period. More details will be provided to successful applicants.
- Audited Financial Statements (2 years)

Details will be provided to successful applicants.

Accommodation

Accommodation (e.g. documents in alternate formats, off-hour meetings) is available as required to ensure that groups can fully participate in the funding process. For accommodation, please email: forestrygrants@toronto.ca.

Information Sessions

Interested in learning more about this grant program and the application process? Join an online information session. The information sessions will be held virtually online. The details and registration are available below:

- May 29, 2025, 12 pm – 1 pm, [Registration Link](#)
- June 4, 2025, 5 pm – 6 pm, [Registration Link](#)
- June 26, 2025, 11am – 12pm, [Registration Link](#)

Application Support

Prospective applicants can contact Urban Forestry for support in determining if the project and organization are eligible to apply for funding. Applicants can also contact Urban Forestry with

any questions, comments, or complaints regarding the grant program.
