## Governor's Road Bridge Rehabilitation over Moore Park Ravine

Contract: 25ECS-BE-06PM

Start Date: Summer 2025 End Date: Winter 2025

*\*Timeline is subject to change.*

The City of Toronto is planning to rehabilitate the Governor's Bridge over Moore Park Ravine. This work will ensure that the bridge meets today's standards and remains safe for vehicles and pedestrians into the future.

**To safely complete this work, a full bridge closure for non-emergency vehicular traffic will be required for four to five weeks starting in mid-summer 2025. During this time, sidewalk access will be maintained for pedestrians. A construction notice with more detailed information will be distributed to the community prior to the start of the work.**

The project is part of the Council-approved 2025 Capital Works Program.

### MAP OF WORK AREA

### WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.

	<p><b>Access to Your Home:</b> The City-hired contractor may need access to the interior and exterior of your home to complete a pre-construction condition survey. Affected properties will receive a letter about scheduling a time to complete the pre-construction condition survey. Although participation is voluntary, the pre-construction survey results may be useful to confirm claims for potential damage caused by City construction.</p>
	<p><b>Accessible Accommodation:</b> The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the <b>Field Ambassador</b> listed below.</p>

**NEED MORE INFORMATION?**
