Heath Street East Temporary Road Closure Heath Street East from Bennington Heights Drive to 100 metres west of Lumley Avenue (Moore Park Ravine Entrance)

Contract: 22ECS-LU-01FP
Expected Start Date: May 8, 2025
Expected End Date: May 16, 2025

Timeline is approximate

Current construction on Heath Street East involves replacing the City-owned portion of substandard water services and sanitary sewer laterals which requires digging within the City's right of way in the boulevard.

Due to the nature of the construction work and to avoid safety concerns, Heath Street East will be closed periodically to vehicular and pedestrian through traffic. This closure will affect access to Heath Street East from Lumley Avenue and Bennington Heights Drive to 100 metres west of Lumley Avenue (Moore Park Ravine entrance), effective 7:00 a.m. on Thursday, May 8, 2025, to 7:00 p.m. on Friday, May 16, 2025.

- Residents on Heath Street East will continue to have driveway and road access.
- Pedestrian access to Heath Street East from Lumley Avenue and Bennington Heights Drive will be restricted and periodically closed.
- Access to Moore Park Ravine from Heath Street East and Brendan Road continues to be CLOSED. Moore Park Ravine remains open and can be accessed from Moore Avenue or Hudson Drive.

We apologize for any inconvenience that this closure may cause, and we thank you for your continued patience as we complete the work.

This project is part of the Council-approved 2022 Basement Flooding Protection Program to improve the water distribution system; renew our aging infrastructure and reduce the risk of sewer collapse or blockages that cause sewer backups and flooding.
