Infrastructure Improvements on Thompson Street from Carroll Street to Munro Street, Munro Street at Matilda Street, and Kintyre Avenue from Broadview Avenue to Peggy Ann Smith Lane

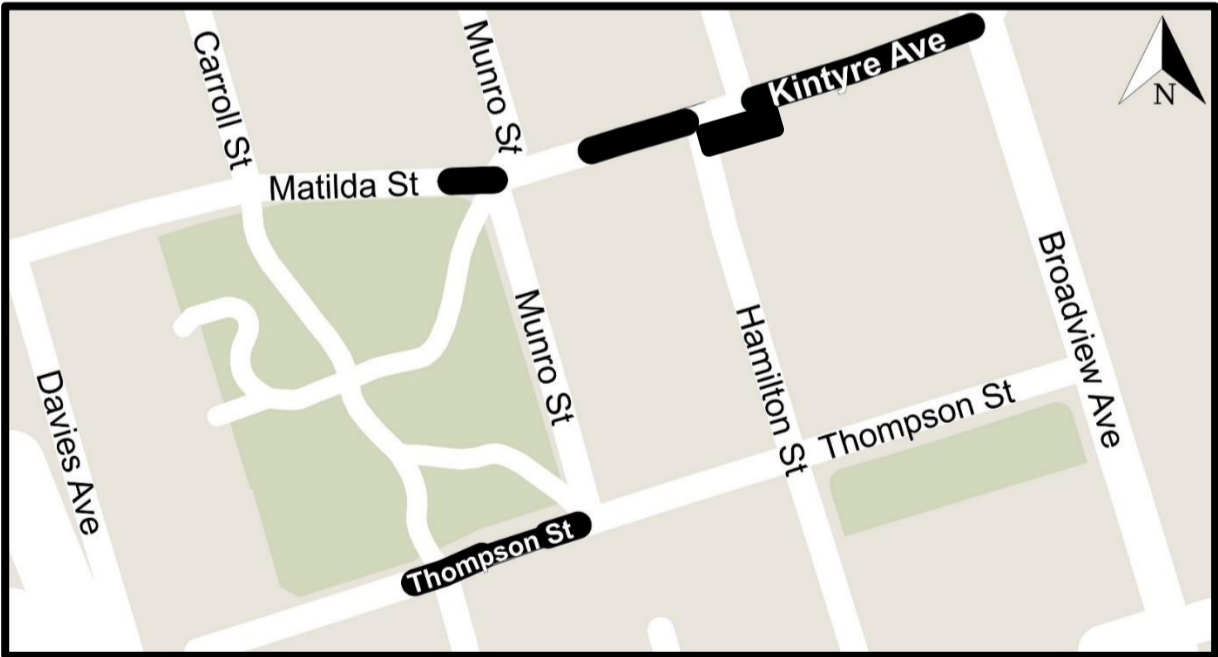

Contract: 25ECS-RD-103LR
Start Date: July 2025 End Date: October 2025
**Timeline is subject to change*

The City of Toronto is planning to do Infrastructure Improvements on Thompson Street from Carroll Street to Munro Street, Munro Street at Matilda Street, and Kintyre Avenue from Broadview Avenue to Peggy Ann Smith Lane. The planned work includes:

- Thompson Street - Raised area for planting and cyclists on Thompson Street between Carroll Street and Munro Street and road reconstruction, curb radii reductions, and curb extensions at the Carroll Street and Munro Street intersections.
- Munro Street - Raised intersection, curb radii reductions, and curb extension at the intersection of Munro Street and Matilda Street.
- Kintyre Avenue - Road narrowing on Kintyre Avenue from Broadview Avenue to Peggy Ann Smith Lane to accommodate a wider sidewalk on the north side of the street.

Our inspection of the road shows that it needs repaving, and sections of damaged curb and sidewalk need to be replaced to bring them to a state of good repair. This project is part of the Council-approved 2025 Capital Works Program. Installing new sidewalk is one way the City is committed to making the community safer and more accessible.

MAP OF WORK AREA

WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark sidewalks and curbs requiring replacement and the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.
- The City will not be responsible for damage to any privately owned items on City property.

	Accessible Accommodation: Residents who require accommodation (level entry, longer notice, etc.) must contact the Field Ambassador to arrange for access during the construction period.
	Important information for owners of sprinkler systems / heated driveways and private landscaping features. Property owners should remove items located within City property limits (boulevard) to avoid damage. This includes items such as landscaping (plants and pavers), decorative objects, sprinkler systems or heated driveways. If you have a sprinkler system or heated driveway, please contact the Field Ambassador listed below.
