Watermain Replacement, Road Resurfacing and Bikeway Construction on University Avenue from College Street to 120 metres north of Queen Street West

Contract: 24ECS-LU-06SU

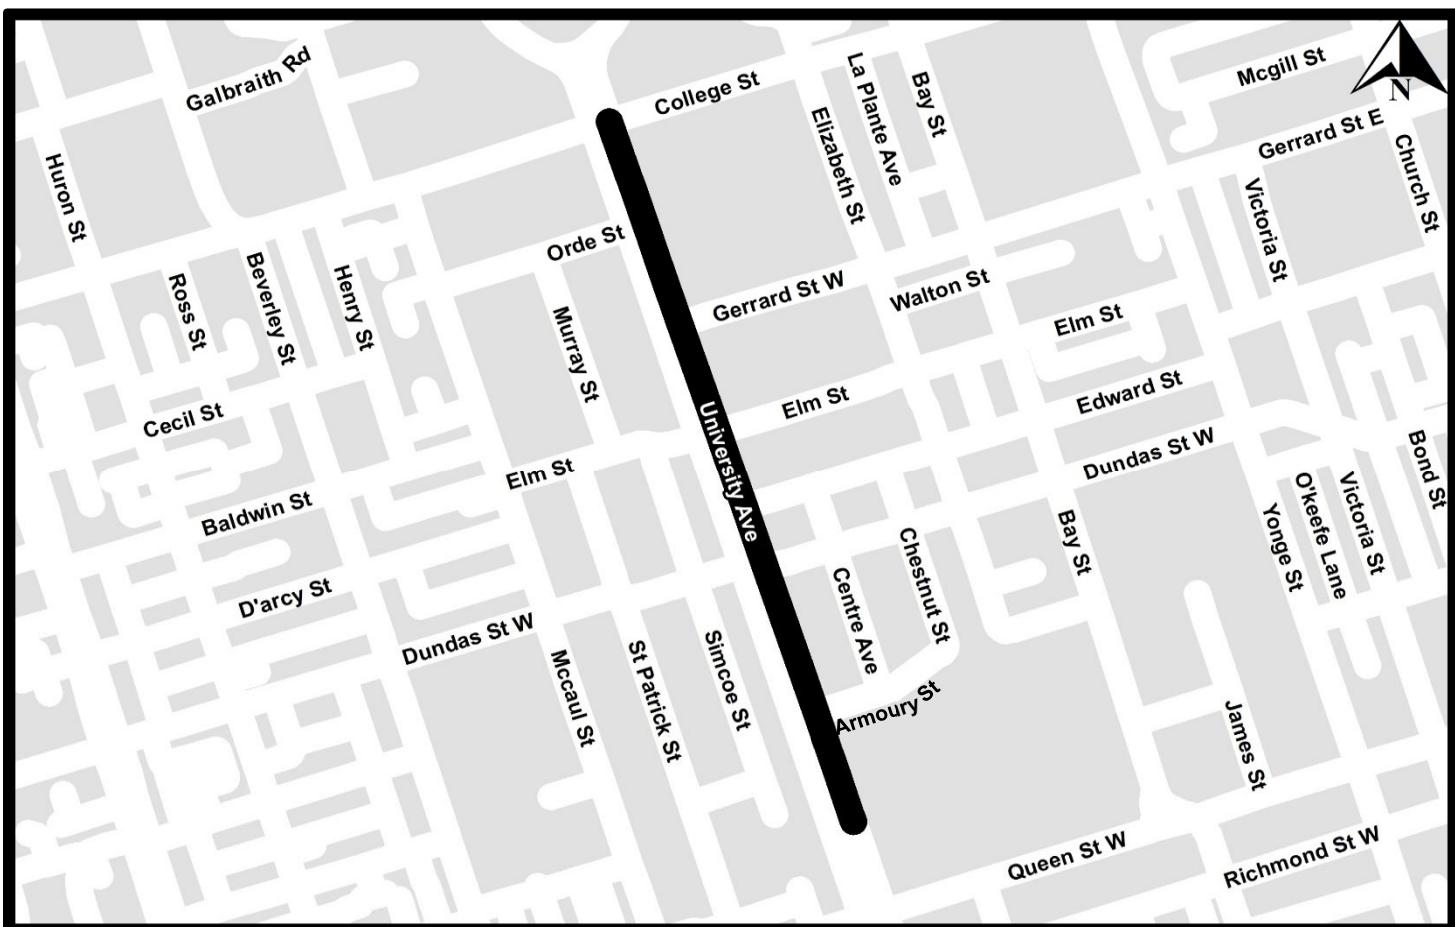

Start Date: August 4, 2026 | End Date: Spring 2027

**Timeline is subject to change.*

In August 2024, the City of Toronto notified the public of plans to replace the watermain and the City-owned portion of substandard water services on the east side of University Avenue from College Street to 120 metres north of Queen Street West, including roadway resurfacing, and bikeway construction from College Street to Dundas Street West (see map).

Due to coordination efforts with ongoing Metrolinx construction, and to ensure the City is prepared to host the 2026 FIFA World Cup, this work is deferred until August 2026. An update will be provided before work is to take place again.
