Road Rehabilitation on Morningside Avenue From Highway 401 to Pan Am Drive

Contract: 26ECS-RD-04MR

Start Date: July 2026 End Date: December 2026

**Timeline is subject to change.*

The City of Toronto is planning to reconstruct the road on Morningside Avenue from 200 metres south of Highway 401 eastbound off-ramp to 66 metres south of Pan Am Drive. Our inspection of the road shows that it needs reconstruction, and the curb and sidewalk need to be replaced to bring them to a state of good repair.

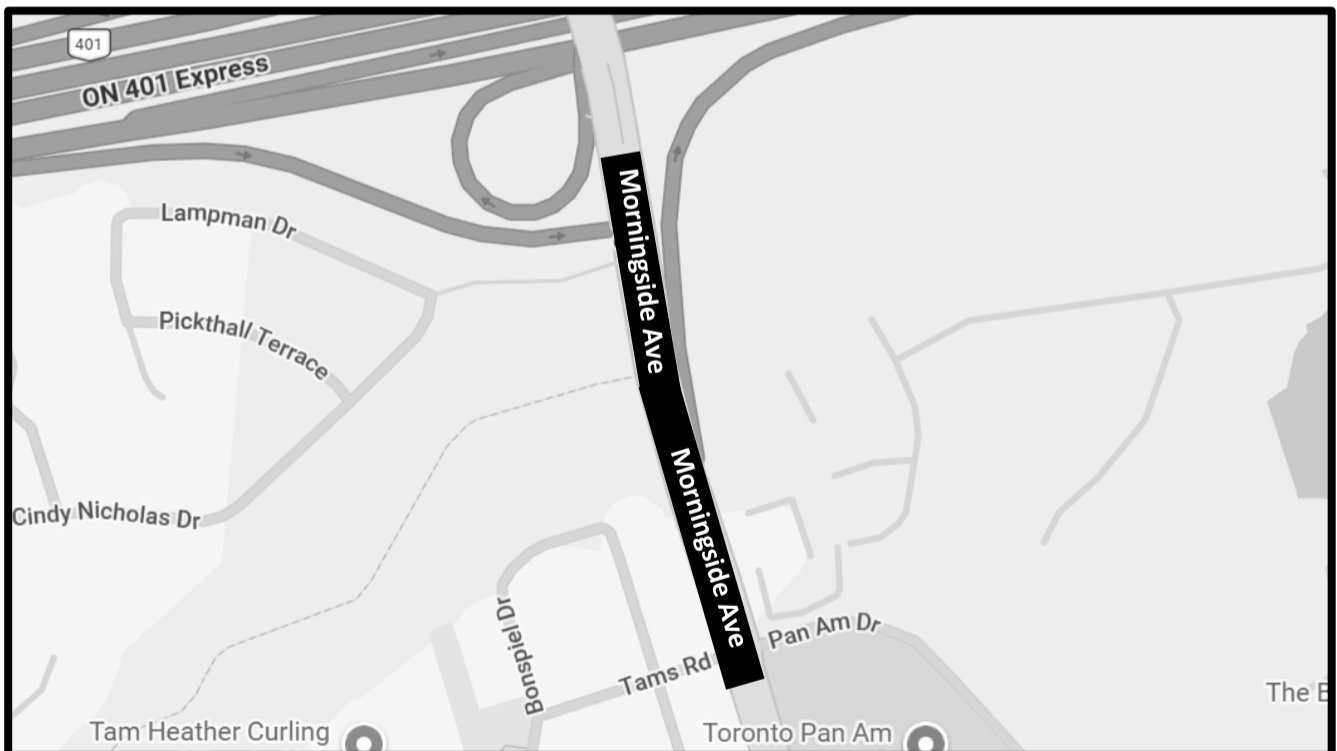

The construction will also include new and upgraded pedestrian and cycling infrastructure, including a new sidewalk on the east side of Morningside Avenue, multi-use trail and raised cycle track on the west side of Morningside Avenue, with new cycling traffic signals and crossings, an integrated bike/bus platform, raised medians, streetscape improvements, and intersection enhancements at Tams Road/Pan Am Drive.

In alignment with the Council-approved Vision Zero Road Safety Plan, the following safety improvements will be implemented:

- Adjustments to the existing vehicle travel lane widths, to meet City standards.
- Curb radii reductions throughout the project area, where feasible, to tighten up intersection corners and slow down turning motorists and improve pedestrian and cycling crossing safety.
- Installation of other pedestrian features meeting Ontario's accessibility standards, such as curb ramps and tactile warning strips.
- Upgrades to existing pavement markings.

This project is part of the Council-approved 2026 Capital Works Program to renew aging city roads and sidewalk for current and future needs.

MAP OF WORK AREA

WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark sidewalks and curbs requiring replacement and the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.
- The City will not be responsible for damage to any privately owned items on City property.

	<p>Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the Project Contact listed below.</p>
	<p>Important information for owners of sprinkler systems / heated driveways and private landscaping features. Property owners should remove items located within City property limits (boulevard) to avoid damage.</p> <p>This includes items such as landscaping (plants and pavers), decorative objects, sprinkler systems or heated driveways. If you have a sprinkler system or heated driveway, please contact the Project Contact listed below.</p>
