Basement Flooding Protection Program Fairbank-Silverthorn Storm Sewer System - Phase 2 Construction on Dunraven Drive from Keele Street to Blackthorn Avenue

Contract #: 23ECS-MI-02FS

Start Date: April 20, 2026

Expected End Date: September 2026*

**Timeline is subject to change.*

The City of Toronto is advancing construction of a new storm sewer system that will collect, store and move stormwater (rain and melted snow) from the Fairbank-Silverthorn area to Black Creek. This work is part of the City's Basement Flooding Protection Program to help reduce the risk of future basement flooding. Once complete, the new storm sewer system will help to reduce the impact of heavy rainfall and sewer back-ups for more than 4,600 homes in your area.

The City's contractor will be installing new storm sewers along Dunraven Drive from Keele Street to Blackthorn Avenue from April to September 2026. This work will be done in block-by-block segments to prevent long term road restrictions. Once sewer and watermain related works are completed, road resurfacing and restoration will take place. The work will be done within the work zone area as seen on the Map on page 2, in the following phases:

- **Phase 1** – Installation of the new storm sewer, minimal watermain relocation work near Dunraven Drive and Haverson Boulevard, and service upgrades.
- **Phase 2** – Road resurfacing and restoration works.

The following traffic restrictions will apply during construction:

- Construction on Dunraven Drive will be done through rolling closures in segments for the underground infrastructure upgrades. Each segment will be temporarily restored and reopened as the work progresses through the street.
- Dunraven Drive between Keele Street and Silverthorn Avenue will maintain one-way traffic westbound and be limited to local traffic during construction.
- Dunraven Drive between Silverthorn Avenue and Blackthorn Avenue will be limited to local traffic during construction.
- Driveways may be affected for short durations from #256 Dunraven Drive to #7 Dunraven Drive. Street parking will be restricted within the active construction zones.

A separate driveway notice will be issued to the above residences (if applicable) at least 48 hours before works take place. Pedestrian access to properties will be maintained at all times.

Residents without parking permits can fill out the accompanying Parking Consideration Vehicle Intake Form along with the Parking Permit Application Notice. Alternatively, you can submit a request for a parking permit to fairbanksewer@toronto.ca, and a staff member will contact you to process your request.

WORK DETAILS

The contractor will:

- Excavate the road and dig a trench.
- Install new storm sewers.
- Upon completion, resurface the road and perform supplementary restoration activities.

Construction Work Area on Dunraven Drive

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.
- The City will not be responsible for damage to any privately owned items on City property, so please ensure that you remove/arrange for removal of each item prior to construction.

Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Friday, with work after hours and on weekends as required.

	<p>On-Site Communication: There are times when contractors need to communicate with homeowners about what is happening on-site. This could be about driveway access, water shut offs, pre-construction inspections, and site restoration work (landscaping, installing pavers etc.). Contractor's staff will be identifiable by their high-visibility company branded clothing. If you need to speak with staff on the construction site, please ask for the Site Inspector.</p>
	<p>Important information for owners of sprinkler systems/heated driveways and private landscaping features. Property owners should remove items located within City property limits (boulevard) to avoid damage. This includes items such as landscaping (plants and pavers), decorative objects, sprinkler systems or heated driveways. For details on removal of such items, please contact the Field Ambassador listed below.</p>
	<p>Road Closure: During construction, 256 Dunraven Drive to 7 Dunraven Drive will be closed and limited to local traffic only. Vehicular parking on Dunraven Drive will be prohibited during the working hours of 7 a.m. to 7 p.m.</p> <p>Sidewalk Access: Sidewalks on both sides will remain open for the duration of construction. Pedestrian access to properties will be maintained at all times.</p> <p>Driveway Access: Your driveway may be affected during construction. Please note that you will be notified with a separate notice that specified the duration of the driveway impact if applicable.</p> <p>Street Parking: Street parking will not be available during construction. Arrangements for alternate street parking should be considered.</p>
	<p>Traffic Management: Road users should expect delays and increased traffic on nearby side streets. When driving, please be mindful of vulnerable road users.</p>
	<p>Parking Violation Notices: <u>Please ensure you park in a legal parking spot at all times.</u> If parking enforcement is called to a street, officers must issue a yellow parking violation notice (ticket) to vehicles in violation of parking by-laws. If you receive a yellow notice during this construction work, please do one of the following within 15 days of the notice date in order to avoid additional fines or records being kept of non-payment:</p> <ol style="list-style-type: none"> 1. Contact the Field Ambassador listed below, and provide a photo of your ticket and ticket number, along with your contact information or 2. Pay the parking violation (follow instructions on the back of the notice) or 3. File a Parking Violation Dispute online, by mail or in person (follow instructions on the back of the violation notice). As part of the dispute process, you may include the construction notice and/or other documentation related to parking impacts resulting from construction

	<p>If you do not have a copy of the Construction Notice, please contact 311 to request a copy.</p> <p>Please note: Violation notices cannot be cancelled if vehicles are parked in illegal parking spots (i.e., in front of a fire hydrant or in No Parking zones).</p> <p>In an effort to reduce ticketing due to construction, please exercise patience with neighbours who are experiencing construction impacts and may need to temporarily park on your street.</p>
	<p>Accessibility Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the Field Ambassador listed below.</p>
	<p>Garbage and Recycling: Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them. Please ensure that your bins are labelled with your address.</p>
	<p>Restoration: The construction work area will be restored with sod, concrete and/or asphalt where required. Full restoration will be completed by the contractor.</p>
