New Sidewalk Construction and Road Resurfacing on Select Avenue from Markham Road to the west end

Contract: 26ECS-RD-05LR

Start Date: Spring 2026 End Date: Summer 2026

**Timeline is subject to change.*

The City of Toronto is planning to construct a new sidewalk and resurface Select Avenue from Markham Road to the west end.

Sidewalks are a critical piece of transportation infrastructure which provide accessibility and safety for all, including vulnerable road users.

Our inspection of the road shows that it needs repaving; and a significant portion on the north side has no sidewalk. A new sidewalk will be installed at the missing section to confirm with current City standards.

This project is part of the Council-approved 2026 Capital Works Program to renew aging City roads and sidewalks for current and future needs. Installing a new sidewalk is one way the City is committed to making the community safer and more accessible.
