

TORONTO Strategic Capital Coordination Office

Infrastructure Services

The Chief Congestion Officer and Executive Director, Strategic Capital Coordination Office (SCCO) leads collaboration across divisions and external partners, with direct accountability and authority to review programs and projects to minimize congestion impacts, and support a more integrated, city-wide approach to congestion management. The SCCO's mandate is to lead portfolio-wide coordination of infrastructure programs across multiple divisions, agencies, utilities, and private partners, with a focus on those impacting City rights-of-ways.
