Road Resurfacing on King Henry’s Boulevard from Bonis Avenue to cul-de-sac

Contract: 26ECS-RD-05LR
Start Date: Spring 2026 End Date: Summer 2026
**Timeline is subject to change.*

The City of Toronto is planning to resurface King Henry’s Boulevard from Bonis Avenue to the cul-de-sac. Our inspection of the road shows that it needs repaving, and sections of damaged curb and sidewalk need to be replaced to bring them to a state-of-good-repair.

This project is part of the Council-approved 2026 Capital Works Program to renew aging City roads and sidewalks for current and future needs.

MAP OF WORK AREA

WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark sidewalks and curbs requiring replacement and the locations of underground utilities, such as gas, water, and cable so that the construction work does not interfere with these utilities.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.
- The City will not be responsible for damage to any privately owned items on City property.

	Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact Local_Roads_Enquiries@toronto.ca.
