Road Resurfacing, Watermain Replacement and
Sidewalk Replacement on Sorauren Avenue from
Dundas Street W to Queen Street W and Virtue Street
from Sorauren Avenue to East End Limit

Contract: 25ECS-RD-05RR
ROAD REPAIR & PAVING ON SORAUREN AVENUE
START DATE: Friday June 26, 2026 | NEW END DATE: Friday August 21, 2026
**Timeline is subject to change.*

This notice provides an update on the ongoing watermain replacement and road resurfacing on Sorauren Avenue. After road milling was completed last week our contractor has determined that more extensive repairs to the road base are necessary. Repairs are needed at the base level of the road to ensure proper grading and effective paving results are achieved. This additional repair work will extend the completion date to mid August weather permitting.

Crews will be working on road base repairs and road paving, starting work at the south end of Sorauren Avenue and will be working north towards Westminster Avenue. Please see a revised construction schedule below.

Start Dates	Location	Work	Parking Impacts
June 26, 2026	Queen St – Pearson Ave Including Virtue	Road Milling	No Day Time Street Parking 7am – 7pm
June 29 – 30 2026	Pearson Ave - Westminster	Road Milling	
July 10, 2026	Virtue Street	Road Paving	
July 13 – Aug 14 2026	Garden Ave - Westminster Ave	Road Base Repairs	
July 13 – 24, 2026	Queen Ave - South of Garden Ave (Intersection)	Road Paving	
Aug 17 – 21, 2026	Garden Ave – Westminster Ave	Road Paving	

LOCAL TRAFFIC & PARKING RESTRICTIONS DURING ROAD REPAIR & PAVING

- As construction crews continue road work on Sorauren Avenue. Residents can expect traffic barrels, construction materials, additional noise/dust and various heavy equipment to be parked within the work area.
- Throughout the duration of milling and paving operations residents will be asked to remove their vehicles from the street during the day. Cars are expected to be off the street by 7am every morning and can return to park overnight after 7pm.
- Cars still parked on Sorauren Avenue during road works will receive a friendly tow to a location in the area. Additional contact information can be found under the parking section in the table below.
- During milling and paving operations, the section of Sorauren Avenue being worked on will be **CLOSED to all traffic and on street parking**.
- Residents with on street parking permits are permitted to park anywhere within Zone 2.**
- Additional paid duty police officers and traffic personelle will be on site to direct traffic during paving.

- If work is progressing quickly crews will continue past stage limit when possible to expediate the schedule.
- Start and end dates are contingent upon weather conditions.

MAP OF WORK AREA

WHAT TO EXPECT DURING CONSTRUCTION

	Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Friday, with work after hours and on weekends as required.
	Traffic Management: Road users should expect delays and increased traffic on nearby main and side streets. Motorists are reminded that bicycles and cars will be sharing the lane. When driving, please be mindful of vulnerable road users. Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. • During road base repair impacted intersections and sections of road between Garden Avenue and Westminister Avenue will be FULLY CLOSED for 24hrs to allow for concrete curing. • During intersection closures there will be additional taraffic personel on site. • Drivers are advised to use alternative travel routes through the area and should expect delays if they travel on Sorauren Avenue during construction.
	Road and Sidewalk Access: To complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work zone. Access for emergency vehicles will be maintained at all times. Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times.

	Pedestrians: The work may require temporary sidewalk restrictions; however any necessary sidewalk closures will alternate in each direction to ensure pedestrian access is maintained during construction.
	People Cycling: Travel will be reduced to one shared lane in each direction for people cycling and driving through the work zone.
	Parking: This project will affect on-street parking. Parking in the active work zone is not permitted as space is needed for construction equipment and materials. If your parked vehicle affects construction work, it will be relocated with no charge to the owner. Please call 416-808-2222 for its location. Additional information regarding on street parking during construction will be provided in the next construction update
	Parking Violation Notice: <u>Please ensure you park in a legal parking spot at all times.</u> If parking enforcement is called to a street, officers must issue a yellow parking violation notice (ticket) to vehicles in violation of parking by-laws. If you receive a yellow notice during this construction work, please do one of the following within 15 days of the notice date to avoid additional fines or records being kept of non-payment: 1. Pay the parking violation (follow instructions on the back of the notice) or 2. File a Parking Violation Dispute with the City online, by mail, or in person (follow instructions on the back of the notice). As part of the dispute process, you may include the construction notice and/or other documentation related to parking impacts resulting from construction. If you do not have a copy of the Construction Notice, please contact 311 to request a copy. Please note: Violation notices cannot be cancelled if vehicles are parked in illegal parking spots (e.g. in front of a fire hydrant or in No Parking zones). In an effort to reduce ticketing due to construction, please exercise patience with neighbours who are experiencing construction impacts and may need to temporarily park on your street.
	Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, inform the contact listed below.
