

E-scooters

- ✗ Not a toy.**
- ✗ Not safe.**
- ✗ Not legal to ride in Toronto.**

In Ontario it is illegal for youth age 15 and under to ride an e-scooter e-bike. Electric scooters are not allowed on public roads, sidewalks or paths in Toronto, regardless of age.

This past summer, The Hospital for Sick Children saw a notable increase in patients with significant injuries from e-scooter use.

Choose muscle powered kick-scooters and pedal bicycles, and ensure youth always wear a helmet when they ride.
