Sewer Chamber Works on Rosedale Valley Road

Contract: 23TW-CTS-13CWD
Start Date: May 12, 2026
End Date: June 26, 2026
**Timeline is subject to change.*

The City of Toronto plans to remove existing equipment and install new equipment in the existing sewer chamber via maintenance access on 425 Rosedale Valley Rd. between Sherbourne Street North and Mount Pleasant Road.

The sewer chamber is underground and has gates that control the wastewater flow entering an interceptor, which is a deep sewer tunnel that carries large volumes of wastewater for treatment.

This project is part of the Council-approved 2023-2026 Capital Works Program to renew the City’s aging sewer infrastructure and the Don River and Central Waterfront (DRCW) project that will help keep combined sewer overflows out of the Lower Don River, Taylor-Massey Creek and Inner Harbor.

Please find a map of the work area below. The shaded green area shows the footprint of the work and the shaded yellow area shows the footprint of construction vehicle storage.

MAP OF WORK AREA

WORK DETAILS

- The City’s contractor will:
- Prepare the work area before construction begins.
 - Remove existing equipment from sewer chamber via maintenance access.
 - Install new equipment via maintenance access.
 - Conduct testing, commissioning and training after installation.

WHAT TO EXPECT DURING CONSTRUCTION

- Road and sidewalk access will not be impacted by the construction activities.
- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.
- The City will not be responsible for damage to any privately owned items on City property.

	Work Hours: Work will take place from 7 a.m. to 5 p.m., Monday to Friday, with work after hours and on weekends as required and in accordance with the City of Toronto's Noise Bylaw.
	Construction Noise: You may experience intermittent noise and vibration during construction (from vacuum trucks, power generators, air compressors, etc.). All work will comply with the City of Toronto's Noise Bylaw.
	On-Site Communication: There are times when contractors need to communicate with homeowners about what is happening on-site. This could be about driveway access. Contractor's staff will be identifiable by their high-visibility company branded clothing. If you need to speak with staff on the construction site, please ask for the Site Inspector.
	Road and Sidewalk Access: To complete the work in a safe manner, there will be road and sidewalk restrictions within the work zone. Access for emergency vehicles will be maintained at all times.
	Traffic Management: Road users should expect delays and increased traffic on nearby main and side streets. Motorists are reminded that bicycles and cars will be sharing the lane. When driving, please be mindful of vulnerable road users.
	Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the Field Ambassador listed below.
	Parking: This project will not affect on-street parking. Parking in the active work zone is not permitted as space is needed for construction equipment and materials. If your parked vehicle affects construction work, it will be relocated with no charge to the owner. You can contact parking control at 416-808-2222 for the location of your vehicle.

NEED MORE INFORMATION?
