Road Paving and Road Closure on Glenburn Avenue, Peard Road and Squires Avenue

Contract: 23ECS-LU-03FP
Start Date: Thursday, September 24, 2026
End Date: Friday, September 25, 2026
Schedule is subject to change

The City of Toronto construction contract 23ECS-LU-03FP (Phase 4) has completed the upgrade of the area's storm and sanitary sewer system. Roadway milling and paving on Glenburn Avenue, Peard Road and Squires Avenue will now occur.

During this work, residents will experience temporary restrictions to road and driveway access.

Please note, this work is weather dependent and the schedule may change.

MAP OF WORK AREA

WORK DETAILS

- The City's contractor will:
- Mill and pave Glenburn Avenue, Peard Road and Squires Avenue.
 - Road restoration and paving will occur only in the areas directly impacted by construction.
 - Due to the milling and paving method used, construction machinery will occupy the roads and requires the roads to be closed.
 - Glenburn Avenue, Peard Road and Squires Avenue will be closed to all traffic from 7 a.m. to 7 p.m. each workday.
 - Driveway access will temporarily be restricted for residents within the work areas. The contractor will provide advance notice to affected residents of temporary driveway disruptions.

	Work Hours: Paving work will take place from 7 a.m. to 7:00 p.m. A separate driveway impact notice will be distributed to residents.
	On-Site Communication: There are times when contractors need to communicate with homeowners about what is happening on-site. Contractor's staff will be identifiable by their high-visibility company branded clothing. If you need to speak with staff about the construction site, please contact the Field Ambassador listed below, or ask for the Site Inspector.
	Road and Sidewalk Access: To complete the work in a safe manner, there will be road and sidewalk restrictions within the work zone. Access to emergency vehicles will be maintained.
	Traffic Management: Road users should expect delays and increased traffic on nearby main and side streets. When driving, please be mindful of pedestrians and other road drivers. Please use the posted detour routes in place.
	Parking: This project will affect on-street parking. Parking in the active work zone is not permitted as space is needed for construction equipment and materials. If your parked vehicle affects construction work, it will be relocated with no charge to the owner. Please call 416-808-2222 for its location.
	Parking Violation Notices: <u>Please ensure you always park in a legal parking spot.</u> If parking enforcement is called to a street, officers must issue a yellow parking violation notice (ticket) to vehicles in violation of parking by-laws. If you receive a yellow notice during this construction work, please do one of the following within 15 days of the notice date to avoid additional fines or records being kept of non-payment: 1. Pay the parking violation (follow instructions on the back of the notice) or 2. File a Parking Violation Dispute with the City online, by mail, or in person (follow instructions on the back of the notice). As part of the dispute process, you may include the construction notice and/or other documentation related to parking impacts resulting from construction. If you do not have a copy of the Construction Notice, please contact 311 to request a copy. Please note: Violation notices cannot be cancelled if vehicles are parked in illegal parking spots (i.e. in front of a fire hydrant or in No Parking zones). To reduce ticketing due to construction, please exercise patience with neighbours who are experiencing construction impacts and may need to temporarily park on your street.
