

Addendum #2 – Rental Housing Supply Program Indigenous Funding Stream

Date of Issue: October 28, 2026

- 1. When submitting an application, is it the expectation that we fill in the boxes in the Application Package *and* put together an RFP proposal meeting the evaluation criteria outlined?**

A complete Application Package includes all of the application components set out in Appendix 7. Indigenous Funding Stream Submission Checklist and constitutes a formal submission to the Indigenous Funding Stream.

An applicant is welcome to submit a complementary narrative element to the Application Package; however, this optional application component is not required and will not be scored.
