Pre-Construction Notice

October 22, 2026

Midland Avenue Culvert Rehabilitation over West Highland Creek

Contract: 26ECS-BE-09PM
Start Date: Winter 2026/2027 End Date: Winter 2027/2028
**Timeline is subject to change.*

The City of Toronto is planning to rehabilitate the Midland Avenue Culvert over West Highland Creek. This work will ensure that the culvert meets today's standards and remains safe for vehicles and pedestrians into the future. The project is part of the Council-approved 2026 Capital Works Program.

MAP OF WORK AREA

WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.

	Access to Your Home: The City-hired contractor may need access to the interior and exterior of your home to complete a pre-construction condition survey. Affected properties will receive a letter about scheduling a time to complete the pre-construction condition survey. Although participation is voluntary, the pre-construction survey results may be useful to confirm claims for potential damage caused by City construction.
	Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the **Field Ambassador** listed below.

NEED MORE INFORMATION?

If you have questions about the upcoming work, please contact us and quote **26ECS-BE-09PM.**
