Construction Impact #1

October 30, 2026

TEMPORARY ROAD CLOSURE
Old Mill Road Bridge

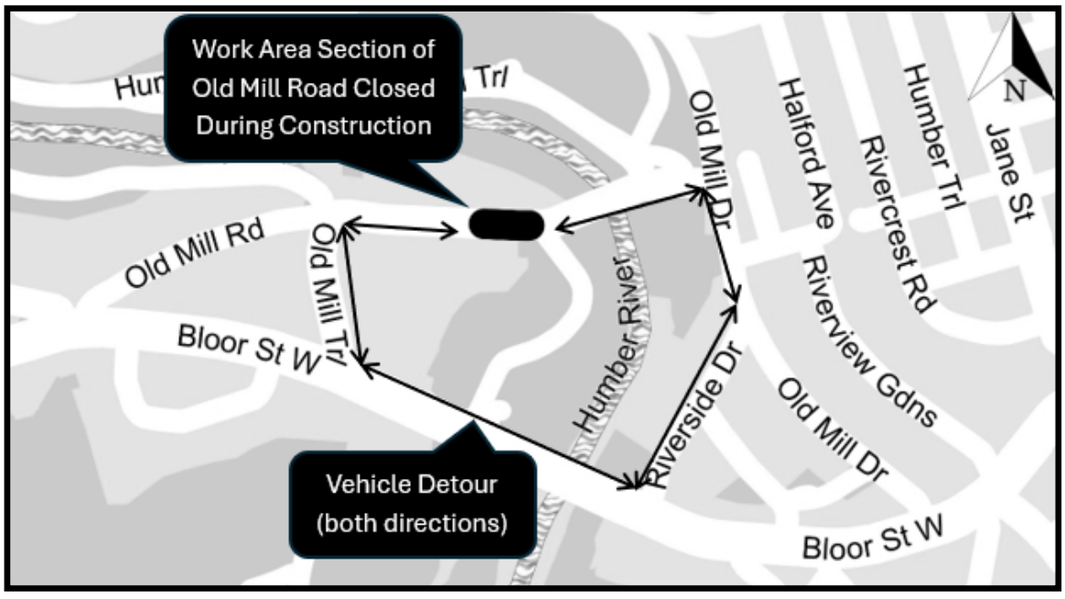

Contract: 26ECS-BE-01PM
Start Date: November 2026 End Date: March 2027
**Timeline is subject to change.*

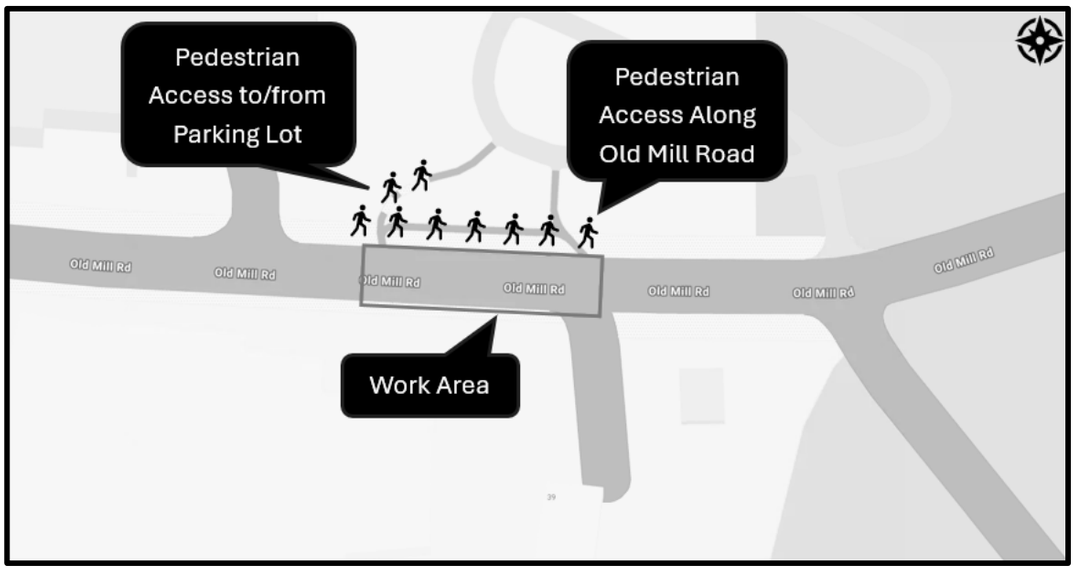

The City of Toronto will rehabilitate the Old Mill Road Bridge over Pedestrian Crossing. This work will ensure that the bridge meets today's standards and remains safe for vehicles and pedestrians into the future.

Old Mill Road will be closed at the bridge from November 16, 2026 to December 11, 2026 to complete work on the bridge deck, including replacing waterproofing membrane, patch repairs and paving. Signage will be posted. The remaining work will take place below the bridge and will not require a road closure. It is expected to be completed by March 2027. We apologize for any inconvenience that this closure may cause the neighbourhood and thank you for your patience while we complete the work.

The project is part of the Council-approved 2026 Capital Works Program.

Construction Impact #1

- Repair and refurbish the existing Old Mill Road Bridge over Pedestrian Crossing;
- Patch repair the concrete deck, curbs, soffit and fascia;
- Reface abutment walls, wingwalls, and toe walls;
- Replace the asphalt surface and waterproofing.

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce impacts. We appreciate your patience.

	**Work Hours:** Work will take place from 7 a.m.to 7 p.m., Monday to Friday, with work after hours and on weekends as required.
	**Detour and Access Information:** During the deck work, the Old Mill Road bridge over Pedestrian Crossing will be temporarily closed to all vehicular traffic. All vehicular traffic will be detoured via Old Mill Trail, Bloor Street West, Riverside Drive, and Old Mill Drive as shown on the map on page 1 of this Notice
	**Pedestrians:** The sidewalk north of Old Mill Road bridge will remain open at all times. Temporary signage will guide pedestrians along the designated detour route around the bridge, as shown on the map on page 1 of this notice.
	**On-Site Communication:** There are times when contractors need to communicate with homeowners about what is happening on-site. This could be about driveway access, water shut offs, pre-construction inspections, and site restoration work (landscaping, installing pavers etc.). Contractor's staff will be identifiable by their high-visibility company branded clothing. If you need to speak with staff on the construction site, please ask for the Site Inspector.
	**Accessible Accommodation:** The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the **Field Ambassador** listed below.
	**Restoration:** The construction work area will be restored with sod, concrete and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).

NEED MORE INFORMATION?
